Host your event doesn't have to cost a lot of money.

But, thanks to the College Football Playoff Foundation, we can provide school counselors, teachers, and faculty members at public schools the opportunity to apply for a microgrant toward your College Signing Day event on DonorsChoose.org.

To apply for funding, follow these steps in order:

1. Register your event at BetterMakeRoom.org/CollegeSigningDay.

2. Go to DonorsChoose.org/Teachers and create a school counselor or teacher account. Account holders must be current educators at a public elementary, middle, or high school.

3. Create a project for the materials you need to host your College Signing Day. DonorsChoose.org has a list of approved vendors to purchase materials for your event.

4. It's important to tag #ReachHigher and #CollegeSigningDay in your event description so we can find you!
